

# JOSSELIN JOURNAL

## SUMMER SPECIAL

**T**he Josselin Society has now been going for over 2 years. When it was first started, one of the main aims of the Society was to stop the duplication of research. Originally members who joined used to submit their research and I entered this into my family history database using a programme called Pedigree.

The idea was that they would then up date me and hopefully we might be able to start to link members & trees together. Also I have, through people sending me material & also research of my own, compiled a large library of useful material.

The purpose of this special edition is to list those of you who have submitted trees & also to tell you what research material is available to you as members.

**THE IMPORTANT THING TO REMEMBER IS PLEASE KEEP UPDATING ME AS YOUR RESEARCH PROGRESSES, ALSO SEND ANY USEFUL MATERIAL THAT MIGHT HELP OTHERS.**

This special also contains a full list of members and I also felt it would be useful to include a list of addresses of research centres such as Record Offices. If you require copies of any of the Documents or Books listed in this special, they can be obtained by sending a S.A.E for the attention of myself, Peter Josling, 61 Golden Dell, Welwyn Garden City, Herts. AL7 4EE.

Originals will not be sent, a charge of 5p for members & 10p for non-members will be charged per sheet of copy and be payable to the Josselin Society. Any large book or document copied will be open to negotiation on price.

**STOP PRESS**

**JOSSELIN TRIP**

**DATES:-**

**SEPT 8TH-11TH.**

**PLACE:-**

**JOSSELIN. BRITTANY. FRANCE.**

**ACTION:-**

**PHONE ANN THOMPSON ON  
0782 332510 AFTER 6PM.**

**STILL TIME TO  
BOOK YOUR PLACE.**

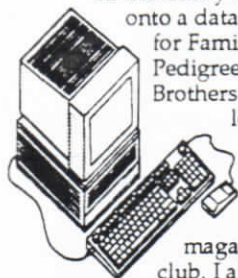

# COMPUTERS.

Computers are being used more & more in our everyday lives, one of the things they are good at is listing and sorting information. So for genealogy they are an excellent tool.

Since the start of our Society I have been entering all the trees you have sent me and other material onto a database program especially designed for Family Historians, the programme I use is called Pedigree. I also have several other programs such as Brothers Keeper. I arrived at using Pedigree after looking at nearly every Genealogical programme that is available & for versatility I can find nothing that gets anywhere near it. There is also a healthy users club which produces a regular magazine, I am the technical co-ordinator for the club. I also know from my last newsletter that there

is another member of our society who is a user and I will be getting in touch with him. It would be useful to me if those of you who are computerised could let me know which machine you are using and which program you use and whether it can import & export in Gedcom (this is the format for data exchanged recognised as the standard in Genealogy, programs without this facility are not worth buying.). There are two reasons it would help me to have this information. 1) I can if you require any information as listed in the General Index send it to you on disc in Gedcom format. 2) I could do with some help, for instance, I have nearly finished entering all names for marriages taken from the St Catherines house registers, I have many such lists and it will literally take me years by myself to enter these. Anyone willing to help please get in touch. I realise it does not help with your immediate research but by getting all this information together it does help you in the long term & it is one of the aims of the society of which you are a member. If you are buying a computer or a programme I am more than willing to give you any advice that I can. I look forward to hearing from some of you soon.

## RESEARCH NEEDED

As a Society members where possible are meant to pass any research they do into the Society and also where there is research needed, offer to help where they can.

With most societies this takes the form of a project dealt with by volunteers. Below is a list of projects that need covering by the Society, if there are any others you can think of let me know.

- 1) Recording of the indexes of the Wills held at Somerset House
- 2) Recording of the Birth, Deaths & Marriages registers at St Catherines House from 1900 to to-day.
- 3) Recording of Non Conformist registers at the P R O.

These would all include all variations of the name. On top of this I need help as stated in my piece on computers to enter lists of material I already have.

**ALL WE NEED NOW IS THE VOLUNTEERS.**

## MEMBERS CONNECTED TO PEDIGREES HELD BY THE SOCIETY

List of members whose Pedigrees are entered on the Josselin Society Database. This shows the name and the area they are furthest traced back to. If your name is not on the list please let me either have your Pedigree or if you have already sent it tell me and I will check my records as to why it is not entered.

Peter Josling.	(01)
Michael Josling.	(40)
